

CoPA – Region 7
Minutes
May 26, 2010

Present: Karen Davis, Frontier Health; Lisa Pritchard, Wise Co. Schools; Nell McAfee, parent/HEART; Nancy Bailey, Family Preservation

The new leadership team will be Lisa, Nell and Nancy. It was discussed that they would be attending training in late summer and the territory will be divided at that time. Future CoPA Region 7 meetings will be scheduled after that. Shirley Blake was also renewed for another year. Karen will continue as a member and keep the resource directory updated as needed. The group discussed making last November's workshops for parents an annual event. Nell will check with Teresa Boggs, SLP to see when she may be available in November as a speaker. Karen related there are still funds to be expended in our grant and asked members to let her know if there are books and/or materials they would like to purchase for our CoPA.

Karen distributed copies of the handouts from New Horizons conference. The conference was very well received and Dianne kept the topic interesting and informative throughout the day. Several participants have already voiced the desire to have her return at a future date.

The Scott Co. Early Childhood Fair will be held at Food City in Weber City on Friday, June 4, 2010 from 10:00 a.m. to 2:00 p.m. Flyers were distributed.

Karen related that a committee at the state level made up of members from Part C and B are working on an Autism Protocol for young children. It is nearing completion and will be posted on the infantva.org website. Members are asked to keep watch for that.

Next meeting: To be announced.
