Partnership for People with Disabilities <http://www.vcu.edu/partnership/index.html>
The Virginia Assistive Technology System collaborates with the Partnership for People with Disabilities to provide assistive technology support to individuals with disabilities and their families. Contact Joey Wallace (800)552-5019 wallacjf@drs.state.va.us

- Provides information and referral services to individuals seeking knowledge on possible technology solutions whether low or high tech
- Offers technical assistance on funding assistive technology and accessing third party systems such as Medicaid, public schools, vocational rehabilitation, and private insurance
- Provides advocacy and policy guidance to assist individuals and parents in determining individual rights to assistive technology
- Offers training opportunities in the areas of assistive technology awareness, evaluation, funding, and advocacy

Temple University's **Institute on Disabilities** <http://disabilities.temple.edu>

National Early Childhood Technical Assistance Center
<http://www.ectac.org>

Assistivetech.net is an on line resource for assistive technology and a link to a wide variety of AT and disability-related information. The searchable database of AT is designed to help you target solutions, determine costs and link to vendors that sell products. You can search by activity, keyword, product type or vendor.
