Introduction

This document is designed to guide you through the process of becoming certified as a practitioner with the Infant & Toddler Connection of Virginia. To do this you will need to go to the online application on the www.infantva.org web site. The link is in the section of the web called “For Providers” Please click on the link that reads “Practitioner Certification Application”. The specific address for this application is: <https://eicert.dbhds.virginia.gov/>.

You will need to have the following information available when completing the application:

- Your name exactly as it appears on your license or discipline specific certificate.
- The expiration date (MM/DD/YYYY) of your license or discipline specific certificate.
- The dates (MM/DD/YYYY) you completed the required certification courses.

Creating a User Account

The first step in the process of becoming a Certified Part C Provider is to create an account. When you navigate to the certification module your initial screen will look like this:

Click “Create a new Account” hyperlink to begin.

In the next Window, you will be asked for information which will be used to set up your account:

Select a username that will be easy for you to remember.

The initial screen will ask you for the information shown to the right.

All fields on this screen are required. When creating a password, create a strong password. For a password to be strong, it should:

Be at least eight characters long.

Contain at least one character from three of the following three groups:

Uppercase letters: A, B, C...

Lowercase letters: a, b, c...

Numerals: 0, 1, 2, 3, 4, 5, 6, 7, 8, 9

Symbols (~!@#%\$^&*()_+==`) cannot be used in your password.

Complete the information requested and click on the button that reads "Create Account". The name you list here will populate into your demographic information screen. If you list your name as it appears on your license or certificate, you will not need to change how your name is listed in the demographic section

If a required field is left blank, or does not meet requirements, it will be marked with a red text message.

not meet requirements, it will be marked

Add the required information and click "Create Account" to continue. It will facilitate the approval of your certification application if you use the same email when signing up for this account as you used for the online training modules.

SIGN UP FOR YOUR NEW ACCOUNT

Your account has been successfully created.

Continue

If all information is entered and there is not a duplicate email address or username, after clicking “Create Account” you will see a screen that confirms your account has been created.

Press “Continue” to move to the next screen.

The subsequent screen is the Home screen.

Agency Relationship

First click on the words “Agency Information” to complete this section of your profile.

Click on the green plus to create a relationship.

You must create a relationship with each local system for which you provide services.

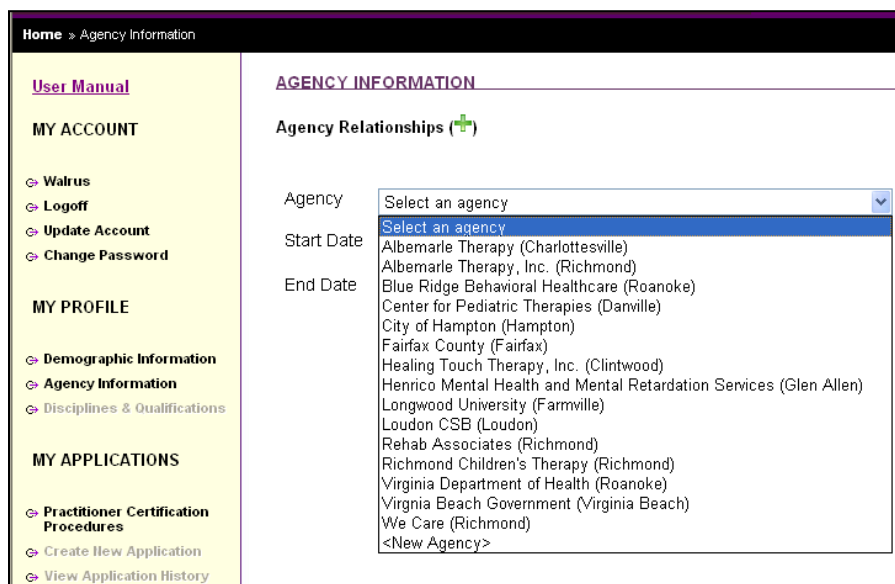

The following list matches each local infant & Toddler Connection System and their corresponding lead agency.

Infant & Toddler Connection of	Lead Agency

You must also create a relationship for all agencies for which you work.

If the agency you are searching is not listed, select “<New Agency>” from the list to add the agency.

Click on the dropdown arrow to scroll through all of the agencies and local Infant & Toddler Connection Systems that have been entered into the database. Note that agencies are listed with the agency name as well as the city in which the office resides. Note that relationships have an associated city with them. Two agencies

with the same name but having offices in will be identified separately by their city of location. If the agency you work with has offices in several cities, be certain you select the correct agency and city.

Be certain to select the correct agency and city as appropriate

AGENCY INFORMATION

Enter your name if you are an independent practitioner

Agency Name

Web Site

Phone Number NPI

Fax Number API

Mailing Address

City State Zip Code

This is the information necessary to add a new agency to the list. Once this information has been entered and saved it can only be edited by an administrator.

It is recommended that agencies with multiple personnel coordinate the entry of agency information so that the appropriate phone/fax/address information is entered by one person before the rest of the agency staff so that

subsequent staff from that agency has the accurate choice from the list.

If you as a practitioner operate as an individual, enter yourself as an agency.

Agencies with multiple offices or locations may create individual entries for each satellite office. These agencies will be identified on the agency dropdown list as [[Agency Name (city/county location)]]. Once saved, new agency information will be added to the dropdown list and be available statewide for providers seeking certification.

After completing the form, click "Save" to add the agency to the list. If a required field is left blank, it will be marked by a message in red. For agency information, all fields are required with the exception of web site and fax number. In addition, each agency must have a National Provider Identification (NPI) or Alternate Provider Identification (API) number.

Providers must establish an agency relationship for each agency they work for as well as for each local Infant & Toddler Connection system in which they plan to provide services. Individuals hired directly by one local Infant & Toddler Connection system need only establish an agency relationship with the system they work for.

A Special Note about Qualifications for the Service Coordinator Discipline

“GED, High School Degree or college degree” is the qualification associated with the service coordinator discipline in this application. However, more specific information is required in order to determine if applicants meet the specific requirements listed in the Code of Virginia (12VAC35-220). Therefore, applicants applying for Initial Case Manager Certification who do not already have an EI Professional Certification or are not currently certified as an EI Specialist with a discipline of OT Assistant, PT Assistant or Nurse must submit additional information to the Infant & Toddler Connection of Virginia. Individuals without those current certifications, but who have a college degree must send a copy of their diploma documenting their degree in one of the following fields:

- a. An undergraduate degree in any of the following fields:
 - Allied health, including rehabilitation counseling, recreation therapy, occupational therapy, physical therapy, or speech or language pathology;
 - Child and family studies;
 - Counseling;
 - Early childhood;
 - Early childhood growth and development;
 - Early childhood special education;
 - Human development;
 - Human services;
 - Music Therapy;
 - Nursing;
 - Psychology;
 - Public health;
 - Social work;
 - Special education – hearing impairments;
 - Special education – visual impairments; or
 - Other related field or interdisciplinary studies approved by the department.
- b. An associate degree in a related field such as occupational therapy assistant, physical therapy assistant, or nursing.

If the diploma does not list the field of study, then the applicant must send a copy of their transcript which does list the field of study and the awarding of the degree.

For applicants whose educational qualification is a high school diploma, GED or degree in an unrelated field (i.e., a field not listed above), applicants must submit the following:

- c. A copy of their high school diploma, GED or college degree **AND**
- d. Documentation of a total of three years full time experience coordinating direct services to children and families and implementing individual service plans. Direct services address issues related to developmental and physical disabilities, behavioral health or educational needs, or medical conditions. Experience may include supervised internships, practicums, or other field placements. Documentation can be a letter from a former employer specifying dates of

employment, job responsibilities, hours/week; or a resume listing employment history including dates of employment, hours/week and contact information for the Human Resources department for each job. Documentation is to be provided on the [Experience Log](http://www.infantva.org/documents/forms/3148eEI-CMEL.pdf) (<http://www.infantva.org/documents/forms/3148eEI-CMEL.pdf>).
