

Early Intervention Awards Nomination Form
Infant & Toddler Connection of Virginia
DUE DATE: February 28, 2006

Early Intervention Awards recognize individuals in Virginia who have provided exemplary service and support with or on behalf of families with young children eligible for Part C services. These awards will be presented at the annual EI Conference in April.

There are three Award categories:

Early Interventionist of the Year Award – to recognize an outstanding direct service provider who has exhibited extraordinary effort above and beyond what is normally expected and required. A direct service provider nominated for this award must spend at least 50% of their work time providing direct service to families and their children.

Leadership Award – to recognize an outstanding individual who has had significant contributions to the field of early intervention at the local, state, or national level that have improved or will improve the lives of young children with delays and disabilities and their families in Virginia. Any individual who does not meet the criteria for Early Interventionist of the Year Award may be nominated for this award.

Early Intervention Family Member Award – to recognize a family member who has contributed to the field of early intervention by reaching out to other families in his or her community and/or across the state, giving support and strengthening ties among families. While a family member nominated for this award does not have to have a child currently in early intervention, the nominated family member must have had a child in early intervention at some point in the past.
