

Speech-Language Pathologist (Part and Full Time Opportunities)

The Greater Richmond ARC (www.richmondarc.org) provides a variety of innovative services and programs that span the lifecycle and assist people with developmental disabilities to live happy, successful and meaningful lives. We are looking for Speech Language Pathologists to join our team in our **Infant and Child Development Services Program!**

- Provide direct speech therapy services, support and education to children and families enrolled in the Infant and Child Development Services program of the ARC.
- Use a family-centered approach to speech therapy
- Must demonstrate proficiency in the specialty of **pediatric speech language pathology** and knowledge of the latest techniques relative to this specialty area of therapy

Qualifications:

- At least 1 year of clinical professional experience
- Master's degree or greater in Speech Language Pathology
- Must have Virginia state licensure and Certification of Clinical Competence from ASHA. First Aid and CPR certification is also required (offered at the ARC).
- Need to have reliable transportation

Why our staff members **enjoy their jobs**:

- “The flexibility I am given allows me to schedule clients around my own family’s activities.”
- “I am paid an excellent salary and my health insurance premiums are also paid in full by my employer.”
- “Our staff is knowledgeable and professional, but we have fun too.”
- “I enjoy being able to dress casually.”
- “I love knowing what I do makes a difference in the lives of the families that I work with.”
- **“I enjoy the variety** in the work.”
 - provide playgroups for children
 - early intervention services for birth
 - center-based services for school-aged children
 - co-treating with PT or OT

We offer medical/dental benefits, paid leave and a retirement plan for full-time employees.

To apply: email resume/application to tina.king@richmondarc.org, fax to (804)353-0163, in person or send to 1901 Westwood Avenue, Richmond, VA 23227.
