

**Now hiring:
Early Intervention Program Manager
Shenandoah Valley Infant and Toddler Connection**

Learning starts at birth and early intervention can have a profound effect on the quality of life for children at risk and their families. Seeking a highly qualified and caring individual to plan, direct, and supervise all services provided within the Early Intervention Program for Infants and Toddlers.

The ideal candidate will have experience providing early intervention services in natural settings, complete understanding of child development, knowledge of the Part C Early Intervention services, experience facilitating meetings, and excellent fiscal management and documentation skills. This position will be based out of Front Royal, VA and some travel within the counties of Clarke, Frederick, Page, Shenandoah, Warren and Winchester City will be required.

In addition all candidates are required to have the following:

- Minimum of a Bachelor's degree
- Three years experience in the field of early intervention.
- One year of supervisory experience.
- Licensure appropriate to scope of practice in Education, Speech-Language, Occupational Therapy, Physical Therapy as detailed in the Infant and Toddler Connection Practice Manual (08/09) Table A.
- Virginia Early Intervention Certification.

Excellent compensation, and many other great benefits!

To apply, fax resumes to Sharlene Stowers at 540-678-8226 or email to sstowers@grafton.org. Only candidates who meet all hiring requirements should apply.
