

December 2005

The Integrated Training Collaborative (ITC) conducted a survey with System Managers to gather information regarding the number of service coordinators in each locality in need of KI and KII training. Based on the results of the survey, the two KI trainings for this contract year will be held in Roanoke and Northern Virginia. The first KI training is schedule for January 23, January 24, and February 27 at the Roanoke Higher Education Center. Space is limited to thirty service coordinators. Interested service coordinators should call or e-mail Cori Hill at (540) 943-6776 or corihill@ntelos.net . Spaces are filling **very** quickly!

The ITC Conference committee continues to work diligently planning the 4th Annual Early Intervention Conference, *Creating Connections: Navigating Toward Success*. Registration forms are scheduled to be mailed early in January. There will be an early bird registration for all participants who register by 3/23/05. After that date, the registration fee will increase by \$20.00 so get your registration forms in early. This year, we will also feature new Early Intervention awards. We will be accepting nominations from the field for different categories. Please watch for upcoming details.

On behalf of the members of the ITC, we wish you and your family Happy Holidays and much joy in the New Year~Cori Hill, Virginia Early Intervention Training Specialist
