

Local Regional Direct Services Committee

Report to VICC

December 8, 1999

The committee has followed through on the recommendations that were made at the September VICC meeting. Communication was established with the Personnel Development and Training Committee (through Bev Crouse) and a copy of the IFSP form was sent to the Cultural Diversity Advisory Board for review and comment. (No comments have been received).

Work on the guidance document is continuing. The committee is hoping that we will be able to have a nationally recognized consultant do the final editing of the document. The time frame for training and initiation of the piloting has been revised; the target date is March 2000.
